

Safe use instruction for Anonima Castelli products

Plia

- The chair must be opened with two hands. One hand must be placed on the backrest and the other one on the front of the seat. Do not open it or close it with the hand on one side of the seat, fingers may be stuck during closing or opening.
- Do not stand on the chair with your feet, this could cause the fracture of the polycarbonate and/or the bent of the structure.
- The maximum weight a plia can bare before the structure starts to bend is 100 kg.
- Use by children under 10 years of age must be supervised by an adult.
- The chair must not be exposed outside for long periods. The chair has been created for internal use.

Alky

- The armchair has been created for internal use only
- Two people are necessary to unbox and move the armchair, otherwise backpain may incur.

Plona

- The chair must be opened with two hands. One hand must be placed on the backrest and the other one on the front of the seat. Do not open it or close it with the hand on one side of the seat, fingers may be stuck during closing or opening.
- Do not stand on the chair with your feet, this could cause the fracture of the polycarbonate and/or the bent of the structure.
- The chair has a block mechanism when people are seated. Once the chair is free to move the mechanism is not in use.
- The chair has been created for internal use, but it can be exposed to long period outside.

Penelope

- Do not stand on the chair with your feet, this could cause the bent of the seat and/or the structure.
- The chair has been designed to have a slight swinging on the back of the seat. A forced swinging may incur in structure fails.
